

IDL Series

Downlight

MODERN INNOVATION, TIMELESS AESTHETICS.

BEST IN CLASS PERFORMANCE. UNMATCHED VALUE

The IDL Series downlight is an unparalleled combination of light quality and efficacy—bringing outstanding performance and add value to the retrofit downlight space. The new IDL Serie deliver up to 5000 lumens of exceptional and reaching up to 90 CRI. This is a breakthrough performance combines high efficacy and high-quality light with several lumen packages and a variety of size and bezel options.

MULTIPLE FINISHES

IDL downlight bezels are designed for easy snap-in attachment and are available in a variety of colours to enhance the aesthetics without compromising the light output of the fixture.

EXCEPTIONAL LOOK & FEEL

IDL downlights blend beauty and performance with the same superior light quality as traditional fixtures but at a fraction of the energy used. With a wide variety of configurations, the IDL downlights are ideal for all recessed lighting applications—from new construction to retrofit and commercial to residential settings.

CREE  **LIGHTING**

Remarkably Simple Retrofit for Multiple Installations.
